Dear Erasmus Partners,

Greetings from Portugal!

We are very glad to announce the opening of a new opportunity for a Student Mobility Placement in the Erasmus Student Network in Coimbra (<https://www.facebook.com/ESNCOIMBRA/>), under the Erasmus Programme.

This initiative will allow your Erasmus Students to fully participate and understand all the different aspects concerning the running of an International team, while carrying out the typical tasks related to Information and Communication Technologies and Human Resources fields.

Don't miss this opportunity to spend a training period in Coimbra, Portugal

Best regards,

Dulce Carolina Camilo Caetano

Departamento Gestão Académica (DGA)
