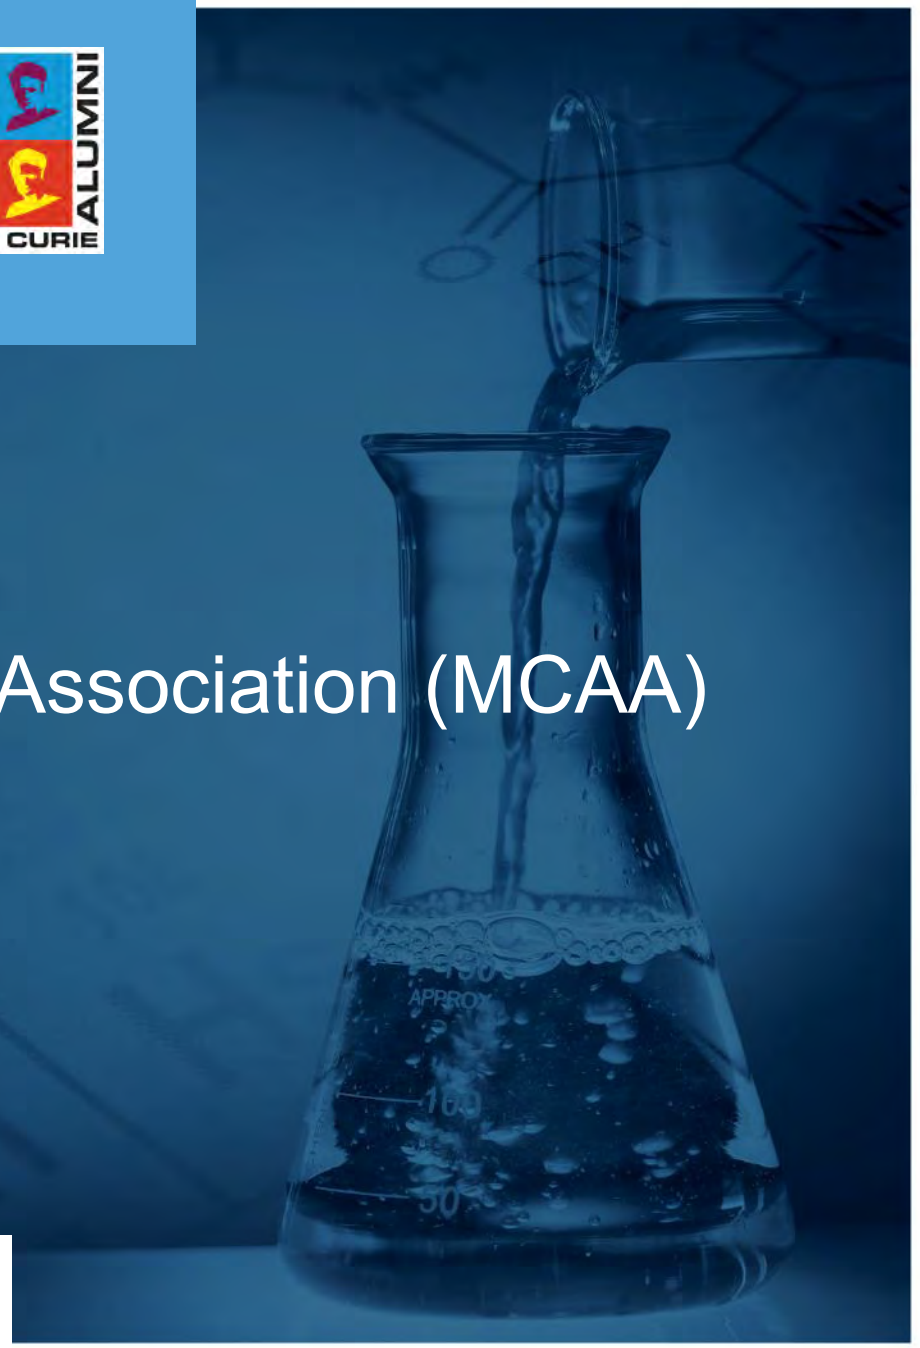
Marie Curie Alumni Association (MCAA)



MCAA Background

Marie Skłodowska-Curie (1867-1934)

- Founded in 2012 as a restricted-access website, the MCAA today is a dynamic network boasting more than 17000 members.
- Connecting researchers throughout Europe and around the world, the MCAA enables international transdisciplinary collaborations. It encourages networking, cooperation and mutual understanding among members and external stakeholders.
- Membership is free and open to any past or present Marie Curie researcher (beneficiary of funding under any of the past or present schemes proposed as part of the European Commission's Marie Curie programme) that encourages international mobility among researchers.
- Funding and support for the MCAA is provided by the European Commission Directorate General for Education and Culture.
