## OPTION A >

Enroll onto the YUFE Student Journey and work on your personal learning path benefitting from everything YUFE has to offer you:

- Academic courses in English,
- Academic courses in the language of the hosting University,
- Language course, cafes & tandems,
- YUFE Academy,
- Professional training activities,
- Civic engagement activities,
- Physical/virtual/blended mobility opportunities,
- Engagement with European students in a multilingual, multicultural setting,
- YUFE induction courses,
- Work in multidisciplinary international teams.

## OPTION B >

Or enrich your regular studies with some single activities without signing up for the YUFE Student Journey.

YUFE rewards personalised learning paths. Check what suits you best and note that there is flexibility to move between options! Taking part in the YUFE Student Journey will most likely lead you to a YUFE Diploma Supplement with Stars or a YUFE Certificate. You can also choose to be more flexible, either within or outside of the YUFE Student Journey and earn a YUFE letter of attendance or a single YUFE Star.

YUFE is a really great program and I am really happy and thankful that I got the opportunity to study in other institutions across Europe!

Reach for the Stars with the YUFE Star System – a programme of recognition designed to set personalized learning goals that go beyond academic education in a European University setting. You can increase your potential and gain extra-curricular experience which is highly valued by employers across the continent and globally.

The **YUFE Mobility Star** can be earned by taking physical or virtual learning journeys to attend academic courses or extracurricular activities abroad at one of the 10 universities in the YUFE Alliance.

The **YUFE Language Star** is based on a threefold model and consists of formal learning, combined with practice and real-life experience of multilingualism, completed by a short personal reflection.

The focus of the **YUFE Professional Star** is on entrepreneurship and innovation skills, related to the ability to always look further into proposed solutions that benefit every European citizen and region.

The **YUFE Civic Star** will be awarded for active citizenship related activities, in which universities and local communities work together to develop solutions to local challenges, many of which are also of European and global relevance.

\*Open to students enrolled in the universities of the YUFE Alliance.
