[cpp@uniri.hr](mailto:cpp@uniri.hr)

UNIRI

# Pre-Award Research Support Centre (CPP)

## Before project application:

**Info days** on relevant conditions of the calls.

**Workshops and consultations** to share useful information and enhance project writing skills for researchers.

## During project writing phase:

Targeted **practical support for applicants** on all aspects of the application process.  
**Communication** with relevant organisations regarding specifics of the call conditions.

## Before submitting the project:

**Prescreening** of the entire project application and guidance on potential improvements.  
Providing assistance in using and utilizing **electronic project application**.

The Centre's primary focus is to strengthen UNIRI participation in research programmes and to support researchers' application to the national and EU research projects.

# CPP – Supporting Activities and Initiatives

## Project Reading Room

- To enable insight into successful project proposals

## Tutoring in Project Proposal Writing

- Expert guidance from researchers with hands-on experience in project preparation and implementation
- Improve the quality of your project proposal through constructive feedback and practical suggestions

## Workshops – How to Write a Successful Project Proposal

- Held for applicants to HRZZ and Horizon Europe calls
- Focused on enhancing proposal quality and increasing funding success rates

## CPP – Supporting Activities and Initiatives

Guidelines for UNIRI  
researchers

Analysis of UNIRI  
participation in  
Horizon Europe and  
HRZZ programmes and  
recommendations for  
enhancing successful  
participation

Supporting the  
network of UNIRI  
Research Managers

Regular online updates  
on HRZZ and Horizon  
Europe programmes

## ERA FELLOWSHIPS

This action builds on the MSCA Postdoctoral Fellowships.

MSCA PF applications where the **host organisation is based in a Widening country** (e.g. Croatia) which are not funded via MSCA PF budget (above 70% threshold) will be transferred to the ERA Fellowships panel.

Applicants may indicate their consent to be considered for an ERA Fellowship during the application process.

Overall indicative budget: 8 million EUR

## DIGIT project- “Seal of Excellence under the Synergies program”

[DIGIT Project](#) – implemented by Croatian Ministry of Science, Education and Youth

MSCA PF applicants with **85% or more** of the total score who were not selected for funding receive the **Seal of Excellence** are **eligible applicants**.

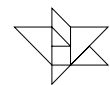

Applications are **open continuously until December 31, 2026**, or until the budget is exhausted.

The funding duration and eligible costs are identical to those under MSCA PF funding.

**Thank you for your attention!**
